

## Key Spokesperson

### Mr. Anees Ahmed, President, Mistral Solutions

Anees Ahmed is the President of Mistral. He founded the company along with Rajeev Ramachandra. An entrepreneur since the age of 25, Anees has been the driving force behind Mistral's phenomenal growth & success. His dynamic leadership and exemplary vision has been instrumental in the transformation of the company from its humble beginnings to its present status as one of the most respected global players in the embedded systems domain.

Backed by more than 20 years of Sales & Business Development experience, Anees spearheads the Business Development & Strategic Planning operations of the Company.

Prior to setting up Mistral, Anees had a successful career at Pertech Computers Ltd. and later with Cranes Software as Director of Sales and Marketing.

Anees holds a Bachelor's Degree in Computer Science Engineering from BIT, Bangalore. Anees is an active member of the Entrepreneurs Organization (EO) and a graduate from MIT's three year "Birthing of Giants" program, attended by fast-growth CEO's selected from around the world.
