Mistral, ELMA jointly offer packaging solutions

Posted:25 Aug 2008

Mistral Solutions Pvt. Ltd has entered into a partnership with ELMA Electronic to offer [electronics packaging solutions](#) to the Indian [embedded systems market](#). ELMA provides standard to fully customised components such as modular enclosures, cabinets and backplanes. Its [modular approach](#) allows fast, cost-effective and proven performance for customised design modifications to standard platforms. The base products are centred around 19 inches and 23 inches Eurocard specifications, with design innovations for VME/ VME64x, CompactPCI/2.16, VPX, VXI/PXI, AdvancedTCA/MicroTCA and other architectures.

These solutions will enable Mistral to offer its customers standard, modified and custom electronic enclosures that house and protect sensitive electronics and electrical components in a range of markets, including defence, telecommunications, medical and industrial automation.
